AN ORDINANCE TO APPROVE THE 1998 CODIFIED ORDINANCES.

WHEREAS, a determination has been made that the ordinances of the City of Bucyrus of a permanent and general nature should be recodified, and

WHEREAS, the City has heretofore entered into a contract with the Walter H. Drane Company to prepare and publish such recodification, and

WHEREAS, the recodification of such ordinance, together with the new matter to be adopted, the matters to be amended and those to be repealed are before the Council,

NOW THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF BUCYRUS, STATE OF OHIO, three-fourths of all members elected thereto concurring:

SECTION 1. That the ordinances of the City of Bucyrus, Ohio, of a general and permanent nature, as revised, recodified, rearranged and consolidated into component codes, titles, chapters and sections within the 1998 Codified Ordinances of the City of Bucyrus, Ohio, are hereby approved and adopted.

SECTION 2. That the provisions of this Ordinance, including all provisions of the Codified Ordinances, shall be in full force and effect as provided in Section 3 of this Ordinance. All ordinances and resolutions or parts thereof enacted prior to January 1, 1998, which are inconsistent with any provision of the Codified Ordinances, are hereby repealed as of the effective date of this Ordinance. However, the enactment of the Codified Ordinances shall not be construed to affect a right or liability accrued or incurred under any legislative provisions prior to the effective date of such enactment, or an action or proceeding for the enforcement of such right or liability. Such enactment shall not be construed to relieve any person from punishment for an act committed in violation of any such legislative provision, nor to affect an indictment or prosecution therefor. For such purposes, any such legislative provision shall continue in full force notwithstanding its repeal for the purpose of revision and recodification.

SECTION 3. That this Ordinance shall be and remain in full force and effect from and after its passage, legal publication and the earliest period allowed by law.

PASSED this 16 day of June, 1998.

Randy L. Tidaback
President of Council

ATTEST: Regina H. Zornes
Clerk of Council

Approved this 17th day of, June, 1998.

PART THIRTEEN - Building Code

PART FIFTEEN - Fire Prevention Code

EDITOR'S NOTE

The arrangement and numbering of the Codified Ordinances into component codes, titles, chapters and sections are based on an adaptation of the decimal numbering system which is similar to that used in the Ohio Revised Code, and in accord with the best accepted practice in instituting a codification. Each section is self-identifying as to code, chapter and section number. For example, 305.06 indicates that the code number is 3, the chapter number is 305 (or the 5th chapter within code 3), and the section number is .06. The code and chapter numbers appear left of the decimal, with the code number preceding the first two digits left of the decimal, and the chapter number being all digits left of the decimal. The section number appears right of the decimal. As another example, 113.10 indicates the code number is 1, the chapter number is 113 (or the 13th chapter within code 1), and the section number is .10.

This numbering system has the advantage of inherent flexibility in allowing for an almost endless amount of expansion. Codes, titles and chapters initially are odd-numbered, thus reserving the use of even numbers for future legislation. Sections within chapters are consecutively numbered, except that penalty provisions are usually assigned the number .99 as used in the Revised Code. Newly created sections subsequent to the original codification may be indicated by three digits right of the decimal in the event the law properly belongs between two consecutively numbered sections. For example, newly created 575.061, 575.062 and 575.063 follow 575.06 and precede 575.07 to be placed in their logical position.

Section histories enable a user to trace the origin of the law contained in the section. The history indicates the derivation by reference to either its passage date and the ordinance number originally assigned to it at that time, or to its inclusion in any prior code. Sections without histories indicate that the section contains new matter which was ordained by the Adopting Ordinance which enacts the Codified Ordinances.

The Comparative Section Table is included to show the disposition of every ordinance included in the Codified Ordinances. It indicates whether a given ordinance was consolidated with another into one section or split into two or more sections. Cross references direct the user to subject matter reasonably related to material contained within a given chapter.

EDITOR'S NOTE: References are to individual code sections. As additional aids for locating material, users are directed to:

- (a) The Comparative Section Table which indicates in the Codified Ordinances the disposition of the ordinances or resolutions integrated therein.
- (b) The table of contents preceding each component code, and the sectional analysis preceding each chapter.
